EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Kim, Reg. No. 48,360 on August 18, 2005.

The application has been amended as follows:

IN THE CLAIMS

Please amend claim 81 as follows:

81. (**Currently Amended**) A medium as set forth in Claim 78 further comprising:

- computing said predetermined time duration as an estimated round-trip time.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Bushmitch et al., U.S. Patent No. 5,928,331) and (Geagan, III et al., U.S. Patent 6,263,371) does not teach or suggest in detail continuously determining a maximum number of bytes that may be contained in said RTP packets streaming into said network and, in the event a number of bytes in said RTP packets exceeds said number, discontinuing streaming of said RTP

packets until said determining step indicates said number of bytes is less than said maximum number in combination with all the elements of the independent claims as argued by Applicants. So as indicated by the above statements, Applicants' arguments have been considered persuasive, in light of the claims limitations.

3. The dependent claims further limit the independent claims and are considered allowable on the same basis as the independent claims as well as for the further limitations set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Claims **1-152** are allowed.
